## Directions for use:

## Coverfree

1. Shake well
2. Add 4 oz per 20,000 gallons $(75,700 \mathrm{~L})$ of pool water (or $667 \mathrm{sq} . \mathrm{ft}$ ) per week
3. Using measuring guide (on the side of the bottle), squeeze recommended dose over surface of pool water

Note: For accurate coverage, dose by square feet as per gallons of water
